Ready

**Contract Number:** DPH Staff should enter the Open Window contract number assigned to the contract.

**Contractor:** Please insert the agency's full Legal Name.

**Human Resources:**

This section should be filled out for all employees of the agency, including full-time and part-time staff. Annual values must be used – do NOT prorate any of these items. The spreadsheet will prorate for you based on the number of months and percentage of time entered for each staff.

**Salary/Wages:** Do not enter anything into the shaded blue boxes. Click on word “detail” to complete the required Worksheet # 2: Salary and Fringe. The information you enter into Worksheet (Tab) #2: Salary and Fringe will carry over to the Worksheet (Tab) #1: Contractors Budget. Worksheet (Tab) #1 will show a Salary Subtotal of the personnel included on the grant. See page 7 of this document for detail.

**Fringe Benefits:** Do not enter anything into the shaded blue boxes. Click on word “detail” to complete the required Worksheet # 2: Salary and Fringe. The information you enter into Worksheet (Tab) #2: Salary and Fringe will carry over to the Worksheet (Tab) #1: Contractors Budget. Worksheet (Tab) #1 will show a Fringe Subtotal of the personnel included on the grant. See page 8 of this document for detail.

**Other:** Other would be used to document payments for human resources that are outside of the Contractor's staff but are not considered subcontractors. For example: temporary workers.

Total Human Resources: This field will automatically calculate the totals from Salary/Wages, Fringe Benefits, and other to give you the total amount for the Human Resources Category.

**Operational Expenses/Capital Outlays:**

*Note: For all expenses that fall under the Operational Expenses/Capital Outlays Category enter to the total amount in the yellow shaded box. Then include a detail narrative in the pink shaded box to justify the total amount declared in the yellow shaded box. Budget narratives must show calculations for all budget line items and must clearly justify/explain the need for these items. All expenses that are shared across multiple programs (e.g., rent, utilities, insurance, etc.) must be prorated for this program and the narrative must include a detailed calculation which shows how the amount is prorated.*

The next section will highlight, define and give examples for each line item. The examples listed below are to give you an idea of items that might be allowable per your grant. **The items below are not required; they are just listed as examples. If you need clarity, please contact your Contract Administrator for additional details.**

Note: Do NOT add new line items to the budget such as “Sponsored Meeting Expenses”. The line items included in the Budget reflect the budget categories in the NC DHHS online contracts system, NC DHHS Open Window. All budget expenses must fit in one of the line items listed. Please use the guidance below to place your expense in the proper budget line item.

The Contractor is giving a portion of the funds to another entity who will also render services to participants such as providing education.

The contract is for an evaluation and the building of a database to track recipients of service, number of services received, etc. The Contractor hires an IT vendor to build the database. In this instance, the IT vendor is a subcontractor because the work is program related.

The information you enter into Worksheet (Tab) #3: Subcontractor Budget will carry over to the Worksheet (Tab) #1: Contractors Budget.

**Indirect Cost**: If allowable, enter the total amount of Indirect Cost requested in the yellow box. Indirect cost must follow Federal Grant guidelines and 2 CFR 200 Federal Uniform Guidance when funds are federal financial assistance dollars, and DPH program restrictions when funds are federal purchase of service or state dollars. In the pink area, please justify what is designated an indirect cost per this grant.

For assistance determining the allowable indirect cost rate, please use the Indirect Cost Decision Trees and the DPH FA Indirect Cost Worksheet posted on the DPH Contracts Forms website.

**Contractor Match**: This is the only entry in the budget that should account for mandated local match dollars. Currently, the only mandated local match contracts in DPH are Teen Pregnancy Prevention Initiatives (TPPI) APP and APPP programs and the NC DHHS Competitive Grant Program for

State-wide Health and Human Services Initiatives (NPRFA).

Enter the total amount of local match required per grant (e.g., Adolescent Parenting Program = \$14,000, Adolescent Pregnancy Prevention Program = \$25,000, NPRFA = 15% of grant total) in the yellow box. Then detail the complete cost narrative and calculations for all local match funds in the pink justification area.

**Total Budget Expenditures:** The field will automatically tabulate the subtotals and register the total amount.

Months Worked on this Contract: Enter Number of months covered under contract  
example: 12

Percent of Time Worked on this Contract: Enter a percentage of time example: 50%

Budgeted Amounts State Funds: This blue field will automatically calculate for you.

*Narrative Sample for Staff:* Mary Jones, Program Manager – Supervises the Program Coordinators, provides oversight to program activities, generates activity reports and contributes to financial reports.

### **Personnel-Fringe Benefits**

Personnel Name and Titles: Will carry down from the Salary/Hourly Rate field, above.

Enter the percent of salary or method of calculating each fringe benefit in the following cells: Retirement/401K, Health/Medical, Unemployment Insurance, Worker's Comp Insurance, and other. List each benefit and include percentage for each.

FICA is calculated automatically with a formula embedded in the spreadsheet. Current FICA calculations are 6.2% in Social Security up to \$142,800 in salary (effective 1/1/21) and 1.45% in Medicare with no limit.

In each yellow cell, enter the total ANNUAL fringe rates for each staff. Do NOT prorate the fringe amounts in the yellow cells. The final column (in blue) will prorate these amounts based on the number of months and percent of time worked on this contract.

Fringe Subtotal: This blue field will automatically calculate for you.

Pink Narrative Box: Provide justification narrative for fringe (i.e., explaining what "Other" is and how it is calculated).

UNC System Schools must follow the current UNC Fringe rates negotiated between UNC and NC DHHS. A copy of the current rate sheet is posted to the DPH Contracts Forms website.

*Narrative Sample for Fringe\*:* FICA at 7.65%; Retirement at 5% (only applies to Program Manager); Unemployment at 2% and Other at 3% (includes life insurance, AD&D and liability insurance). Health insurance is calculated based on the individual.

\*Note: Some programs are required to show individual calculations per staff.

## Worksheet (Tab) 3: Subcontractor Budget

**Note: Only enter information in yellow, pink or white shaded cells box. Do NOT enter or delete anything in blue shaded cells.**

Enter all budget information for Subcontractor(s) used by the Contractor. Subcontractors are agencies or individuals who are contracted (by the Grantee) to perform program-related direct services. All Subcontractors must be named in the budget narrative.

**Do not enter items such as Bookkeeper, Auditing, Legal Services, etc. under “Subcontractor”.** These items should be entered under the “Professional Services” section of Tab 1.

All budget items must follow the same guidelines for each line item as previously outlined. The Justification for each line item must spell out exactly how much is going to which Subcontractor at what rate.

*Subcontractor Salary Justification Samples:*

*Sally Jones will serve as the Peer Youth Trainer, she will prepare materials and deliver the curriculum: \$40 per hour for 2 hours a week for 32 weeks = \$2,560.*

*ABC Babysitting Services will provide licensed, insured childcare workers for these sessions:  
\$15 per hour x 2 childcare workers x 2 hours x 32 weeks = \$1,920. Total = \$4,480.*

There is only one tab for all the Subcontractors. Where more than one Subcontractor exists, each line item must be subtotaled by Subcontractor.

For example, where there are three (3) Subcontractors and they all require supplies, the Supplies Other line should read as:

*ABC Health Department: office supplies for 1 staff at \$20/mo. x 12 months = \$240.*

*XYZ Community Agency: Two (2) copies of "Ready to Learn" curriculum at \$135 each = \$170.*

*LMN Department of Social Services: 1 toner cartridge at \$70, 2 reams of copy paper at \$12 each = 24. Subtotal = \$94.*

*Total Subcontractor Supplies \$240 + \$170 + \$94 = \$504.*

The total of \$504 should be entered in the yellow box for Supplies and Materials Other line.

## **BEFORE YOU PRINT:**

Make sure print a sample to proofread prior to submitting your budget. It is advisable to run a spell check on all tabs and proofread each worksheet to eliminate spelling and grammatical errors. It will also be helpful to have a staff member (who is not involved with creating the budget) look it over for clarity and use an adding machine or calculator to verify the arithmetic in the budget – especially in the justification narratives. Errors in the budget document can create delays in contract approval.

Some rows may need to be expanded if a lot of text has been entered (e.g. the rows that contain justification narrative). Print all worksheets that contain information so it can be proofread off-screen. Be sure to look at your printout carefully and go back and expand the row as needed to ensure that all the text entered in the cell is visible. To expand the row, click the row so it's highlighted, then move your cursor toward the bottom of the row until you see this boundary symbol↕, then drag the boundary down until the row is the height that you want.

For long justification narratives, you may need to do more than expand the cells. After a certain character limit, Excel will not auto-wrap cell contents and you may need to manually enter a hard carriage return. To do this in Excel, press the keys Alt + Enter at the end of each line. Excel moves to the next line—but not the next cell. You will likely then need to expand the height of your cell to include all the text entered.

Expanding the cells and entering manual returns where needed allows the reviewers to view all the details included in the pink justification field. Neither the Contract Administrator nor NC DPH staff will be held responsible for any information hidden within the cells.

Be sure to save your revisions.
